## FROM THE PRINCIPAL

### Planning for 2021

Our work towards a smooth transition into the 2021 school year is well underway. The timetabling process takes approximately a term to complete as it is a complex task assigning students into classes, teachers into rooms whilst ensuring curriculum offerings and timings are appropriate and supportive to maximise learning opportunities. I am pleased to inform you that we are now at the point of a fully functional timetable for the new year. We are also continuing our program of inviting motivational speakers to meet with Year 11 and Year 12 on their first day. No more details to 2021!

### Student Leaders

On Tuesday, we were able to present our new Year 12 2021 Student Leadership team with their badges at their Presentation Assembly. We look forward to recognising our Year 11 2021 Prefects and House Captains in a ceremony in the new year.

### **COVID Guideline Update**

Several times a week, I receive COVID updates from the Department in line with NSW Health advice. Many of these changes do not directly impact operations at the school.

However, as of Thursday 10 December, the school has removed taping from bubblers that had reminded students not to use these facilities. The advice from the DoE related to this is below.

*NSW Health have advised that communal water fountains and/or bubblers in NSW schools can now be turned on. These facilities can remain operational, closing only if there is transmission of COVID-19 in the community. Students should continue to be encouraged to bring water bottles from home.*

### **Thank you**

I would like to take this opportunity to thank our community for supporting the school in 2020. We do appreciate your assistance, and the opportunity to work together to provide a high quality education and experiences for your child, especially in a year we will never forget. A school can never achieve its best without the support of its families and the wider community.

Model Farms High School is so fortunate to have the students, staff, parents and community that we do. Every generation that comes through our school seem to find a way to raise the bar even higher. For this reason, it has been an absolute pleasure to be at the helm of such a magnificent school.

I would like to wish students, staff and parents a very Merry Christmas and a relaxing and safe holiday and look forward to working with all of you again in 2021.

**Mark Grady**  
**Principal**

### Uniform Reminder

The P&C and the wider Model Farms community strongly support the wearing of the school uniform. Before parents purchase any uniform items, I urge parents to use the uniform shop to ensure that the purchased items will definitely be approved by the school. The Department of Education has very clear guidelines on what is appropriate footwear. To help parents avoid any confusion I have included images of what is approved footwear in this newsletter. Also, to further help parents, information about uniform and footwear is also available on the school website. I thank you all in advance for your support.

The most common items that our students wear that are NOT uniform are:

- Undershirts
- Black socks – only white socks are allowed on any school day
- Non-leather shoes on both boys and girls
- Black shorts on sports days

Sometimes our young people tell their parents that, "It doesn't matter" or "That everyone is wearing these." It does matter and most students do not breach the uniform requirements. Please support us in maintaining our positive public image and strong school spirit that wearing correct uniform engenders. Your cooperation in this important matter will be appreciated.

### Illustrative Guide to Assist in the Purchase of Acceptable School Shoes

	<b>Acceptable Boys' Shoes:</b> Features: - Black leather - Laced or Velcro - Upper foot protection - Non-slip sole
	<b>Unacceptable Boys' Shoes:</b> Features: - Splashes of colour/white (shoes must be totally black, inc. shoelaces and sole) - Canvas upper E.g. Ruben's
	<b>Acceptable Girls' Shoes:</b> - Leather upper providing protection to the majority of the upper foot - Laced (preferred) or strapped*(leather strap) - Heal and sole with non-slip grip
	<b>Unacceptable Girls' Shoes:</b> - The majority of the upper foot is unprotected. - Smooth sole with little grip - No/token heel - Thin/soft leather offering little protection. - Ballet flats are not acceptable
<b>Sports Shoes</b> 	 <b>Acceptable Sports Shoes</b> - Lace up/Velcro (no slip ons) - Covers all of the top of the foot - Provides arch support and sole protection

\* Students undertaking practical based subjects need to wear lace-up shoes that protect their feet against drops and spills. WHS requirements may result in students who are not wearing shoes with sufficient protection being excluded from some practical activities. If in doubt, please purchase lace-up shoes.

**The uniform shop opening hours:**

- **Now closed for 2020**
- **Uniform Shop RE-OPENS 2021**
  - ❖ **Thursday 28 January 2021 for pick up ONLY from online orders (8:30 – 10:30am)**
  - ❖ **Friday 29<sup>th</sup> January closed**
  - ❖ **Monday 1<sup>st</sup> February reopens for normal trading – where possible families are still encouraged to order ONLINE with students collecting the order form the uniform shop. Uniform shop staff will assist with sizing, if required.**
- **All uniform requirements MUST be purchased prior to school starting**

**Scripture Arrangements for 2021**

Scripture will continue to operate in 2021 using the same model as 2020. Scripture at this stage will only be taught to Years 7 and 8. They will continue to have lessons once a fortnight. Scripture will continue to be delivered by the Northmead Anglican Churches.

In week 1 of next term a letter will be sent home outlining these scripture arrangements

I would like to take this opportunity, again, to thank all the staff at Model Farms High for all their hard work over this very busy year. I would also like to wish everyone in the Model Farms community a Happy and safe Christmas.

**Jennifer Pledger**

**Deputy Principal**

## FROM THE DEPUTY PRINCIPAL – MS KENNON

It was wonderful to be able to go ahead with our presentation assemblies this week. Whilst Covid has sent many challenges our way, I am so proud that we have managed these by doing things a little differently and the students have adapted and risen to the challenges. So many students received awards and I congratulate each of them for their outstanding efforts throughout the year. Their dedication and positive attitude to school and learning have resulted in these great achievements. I encourage all students to set their goals high for 2021 and continue to work hard to achieve them.

Normally, at our presentation evening I am able to pass on my thanks to our families and community members for their support throughout the year. Without our community audience this year however, I will take this opportunity to pass on my thanks. This year has no doubt been difficult for many families, but your ongoing support of our school and the strength of our partnership is highly valued. Together we have been able to make school as normal as possible which has been comforting for our students. Even though we have not been able to welcome parents on site we continue to work together for our students, your children.

As we look ahead it is exciting for Years 8 and 10 that 2021 is the start of the next stage of their education journey. Years 9 and 11 allow students to explore some of their interests more deeply through their subject selections and are important in establishing good learning habits as they work towards their respective awards of a ROSA and HSC.

Good preparation and being organised contributes to a positive start to the school year, in particular for those students transitioning to high school. A suggested timeline for preparations is:

### **January**

- Try on school uniform and make necessary alterations, check and/or purchase books, stationery, school bag, drink bottle, house key, and any other supplies.
- Label everything.
- Break in school shoes to make them more comfortable.
- Practise travelling to and from school with your teen using their new transport or travel route. Let your teen buy travel tickets, if applicable.
- Teach them how to read the timetable for the bus or train as appropriate.
- Join your school and the department on social media to get all the updates.

### **At home**

- Talk positively to your teen about the move to high school. (for newcomers)
- Ask them what's exciting about high school. Does anything worry them?
- Make sure your teen has a quiet work area and extra stationery supplies.

- Organise personal hygiene items in school bags.
- Decide what your teen will do before and after school, and what time they need to be home.
- Discuss emergency and safety issues with them.

#### **The first day**

- Help set your teen's alarm. Encourage them to get themselves ready on time.
- Provide your teen with money and your contact numbers in case of emergencies.
- Make sure you have the school's phone number with you.

#### **The first week**

- Photocopy school timetables to place in school diaries, inside locker doors and on the fridge.
- Remind your teen to note all assignments, homework and events in their diary.
- Check through the timetable each night while your teen packs their bag. Encourage your teen to eat healthy food and get a good night's sleep.
- Give the school your current contact details.

I wish everyone a Merry Christmas, happy holidays and restful break, and look forward to working together for another successful year in 2021.

**K Kennon**

## FROM THE ENGLISH FACULTY

Well, we made it through what will go down in history as one of the most original years of the modern age. Hats off to all you students who showed your ability to adapt to changing circumstances. You learned many new skills, honed your technological skills, learned new apps, navigated zoom meetings and experienced school in a whole new realm. Other personal qualities that you would have developed would be organisation, self-direction and personal safety responsibilities. Now, it's time to get excited for the holidays, Christmas and 2021!

Year 12 are currently presenting their *Text and the Human Experience* multimodal speeches and we wish them luck on their first HSC Assessment.

Year 10 are enjoying the Science Fiction unit, while Year 9 are appreciating the Coming-of-Age program. Year 8 are concluding the term with a Film Unit.

Year 7 are embarking on a mini-unit of creative writing, working up their narratives. 7D are writing a musical titled, "We Got This," as a class, as a twist on the traditional narrative. They were given a selection of songs written by Ms Blockley and Mr Gardner as stimulus. Their challenge was to write the script before the musical numbers. They performed their work for the class. Ariana. S and Chloe. H performed one of the songs at the Year 6 Orientation Assemblies. Bravo, girls and 7D!

Remember, in the holidays, that reading is an enjoyable leisure activity. We encourage our students to practise reading regularly at home. Remember to access the library for a range of wonderful texts if you wish. Please hand in any outstanding school novels for our class sets before the end of the year.

Have a wonderful break and happy holidays to all,

**From the English/Drama Faculty!**

## FROM THE MATHEMATICS FACULTY

### From The Faculty That Counts!

Well, what a year we have had. We would like to thank our students, parents and caregivers for their perseverance this year and for their support in 2020.

Students are reminded that the work they are currently doing in their Mathematics classes is important preparation for their studies in 2021.

#### Buying Textbooks for 2021

**All years** will need to buy their own Mathematics textbooks for 2021. Students will soon receive their Five Senses note with instructions of how to purchase their Mathematics textbooks for next year.

**Year 6 into Year 7 students** have received instructions in their information pack.

Ideas for Christmas Stocking Fillers:

School stationery and equipment can make really practical stocking fillers. Examples are: good quality geometry sets (can cost up to about \$20 at Big W, Office Works or at newsagents), or items as simple as pens and pencils, rulers, textas and colouring pencils.

Calculators:

Please make sure that all students have their own calculator. The Casio fx-82AU PLUS II is sold at the uniform shop for \$35. Students need this calculator from Year 7. It is vital for their progress that students are familiar with their calculator and know how to use the different functions.

#### Fun with Maths at Christmas

We would like to wish all of our students and their families happy and safe school holidays. Don't forget to look for the mathematics in the 'real world' situations that you are engaging in as a family at this time:

Travel times, petrol usage and distances for trips in the car.

Time differences if you are travelling across time zones.

Estimating how much wrapping paper that you will need to wrap different sized presents (and how much sticky tape you will need!).

Calculating how much your Christmas cards and parcels will cost to post.

When cooking with your family, remember to engage them in measuring, estimating, capacity and volume. Also scheduling of cooking so that everything is ready to serve at the same time.

Wishing you a Merry Christmas and Happy New Year  
From

**Mrs Lumley  
and the Maths Faculty Staff**

## FROM THE SCIENCE AND AGRICULTURE FACULTY

### Highlights for 2020

2020 was a very interesting period, here are some of the highlights accomplished this year in the Science and Agriculture faculty.

- **Year 11 Investigating Science** class travelled to Penrith Lakes to investigate the health of an ecosystem post mining.

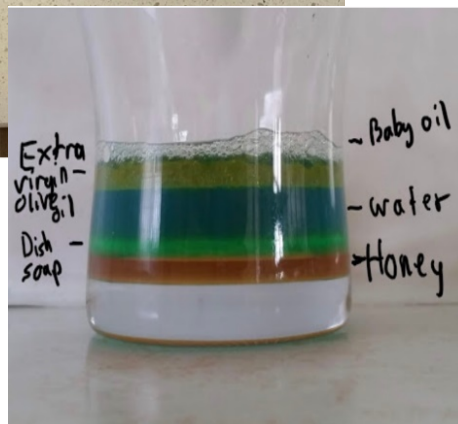

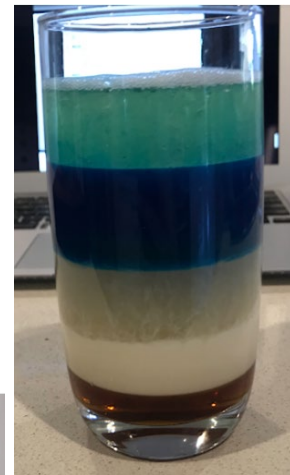

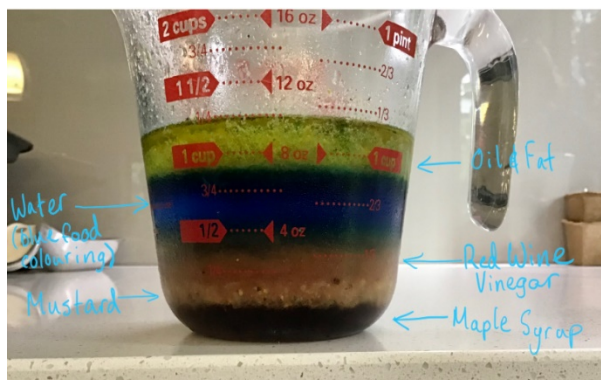

**Above: Students attentive and prepared for field work.**

**Above: Students completing first hand investigations by performing field work**

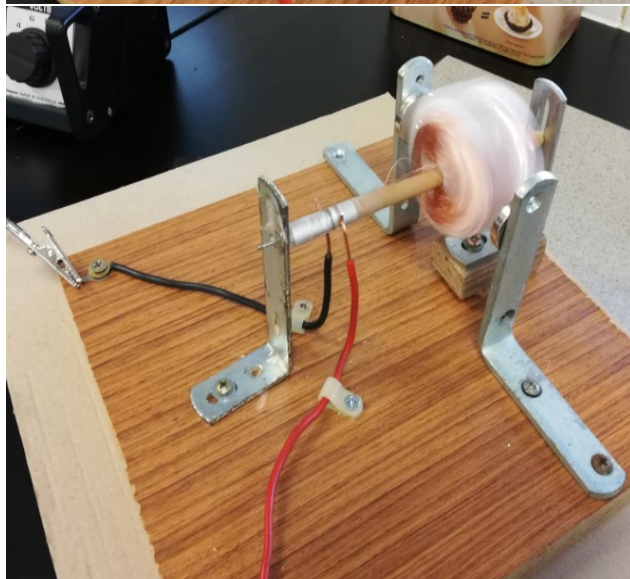

**Year 7** students are creating density towers and slime at home and posting them on google classroom. Well done 7SCID and 7SCIR.

**Year 11 Physics** students working on their first assessment project. Taking on the task in a collaborative and focused manner.

**Year 12 Physics** created and developed functioning motors as part of their HSC assessment. The motors were designed and made from bought and recycled materials. The motors below demonstrate student's inventiveness and creativity.

**Shearer at the Farm** - Lachlan the shearer demonstrated the techniques required to shear sheep.

**Year 11 Biology** attended the Gibberagong environmental education centre, they visited the Akuna Bay National Park area in Sydney's Northern Beaches.

**Students Focused in evaluating the abiotic factors in the Bandicoots environment**

Have a safe and enjoyable holiday

## WELLBEING

We understand that navigating puberty can be a challenging time. We have had **Bright Girl Health** helping us to empower our students to embrace and understand the menstrual cycle. Bright Girl Health believes in empowering young women with the information to understand and be friends with their body so they can make the most informed health choices now and in the future. These research-based seminars are presented by a qualified teacher, encouraging students around hormones, periods, body image and self-confidence.

Bright Girl Health has put together a **parent eBooklet** for you. This resource is filled with links, information and resources to give you confidence to guide your teen through the first few years of having a period with ease... and to make it fun! Talking about periods doesn't have to be awkward!

## CREATIVE AND PERFORMING ARTS

### DANCE

Thank you to the awesome Year 9 and 10 Dance students who volunteered to perform at the Year 6 Orientation Day Assemblies: Chaeli C, Shayleah P-K, Elyssa C, Mrunal M, Zara P, Maddie K, Liam F, Lizzy D, Maddie W, Annabel B, Charlotte K, Ilana S. Well done dancers! Our very first, one and only performance opportunity for the whole year 😊

Looking forward to 2021, hopefully we will once again be running extracurricular dance groups for our Year 7 and Year 8 students. This will be every Wednesday afternoon at the conclusion of Sport from 2:40-3:40 and are led by our capable Dance Leadership Team. Participation is free and the students are given performance opportunities such as FAME, formal assemblies and Year 6 Orientation Day. More information will be given to students early next year.

I have been overwhelmed with interest from our mature dance students wishing to be involved in Dance Leadership. They are fabulous mentors for our younger students and throw themselves at opportunities to work with our Support students. It is a joy to have this experience, generosity and inclusivity amongst the student body here at The Farms. Enjoy your Christmas break and Dancers .... keep moving!

### Uniform Shop News

**November 2020**

Due to the recent update from Mark Grady and the Education Department in regards to Parents and Visitors entering school grounds, the Uniform Shop asks that if you wish to purchase uniform to please place an online order via [www.munchmonitor.com](http://www.munchmonitor.com)

The order will be available for collection the next day the Uniform Shop is open. Students may purchase uniform items in person with cash or card. No phone orders accepted. Please arrange for pick up as soon after placing the order as possible, as at this time of year storage is limited.

**Please note that the Uniform Shop will not be holding the traditional Open Days in January 2021 due to the constantly changing guidelines around Covid 19 and access to the school. All uniform purchases will need to be made before the end of Term 4.**

**Senior Uniforms** are available to purchase. Please consider purchasing a tie at the same time if you have a boy, to avoid the rush at the beginning of Term 2 2021 and a uniform detention!

**Year 7 – 2021** - If you are a current parent/caregiver of the school and have another student starting in 2021, please feel free to place an order in the older siblings name for collection by the MFHS student the next day the Uniform Shop is open. Details for ordering uniform for new families to Model Farms have been advised through the Orientation Packs which have been sent to students via their Primary Schools. Special pick up dates have been organised. Please place your order as soon as possible and bring your receipt with you when collecting your child's uniform.

**NEW - School Jacket & Tracksuit Pants** are coming in early 2021. Pre- orders may be placed online via MunchMonitor in advance. These will be regular stocked items in the uniform shop. The existing Tracksuit Jacket & Pants have been reduced and will be available until sold out.

# REGISTRATIONS NOW OPEN!

Season commences late March 2021

Northmead Uniting Netball Club is a member of the Gooden Reserve Netball Association.

We are a local community, **non-graded**, not for profit club. We play on Saturdays at Gooden Reserve in Baulkham Hills.

We are committed to providing a low-cost competition with a friendly, safe and welcoming environment for children and ladies of all skill levels. Boys under 12 are also welcome.

## 2020 SEASON COSTS

**Fun Net:** For ages 5 – 7 (Kindy and Year 1) we have Fun Net, which teaches basic ball skills, the rules of the game and teamwork. Fun net is held every Saturday at 12.30.

**Junior Competition:** Years 2 to Years 12. Our junior competition is open to girls and boys (under 12). Experienced and beginners welcome. Saturday games between 12.30 and 3pm.

**Ladies Opens Competition:** Our adult division is a social competition with a fun, friendly atmosphere. We have players who join after not playing for years and even those who have never played. Individual registrations and team registrations are both welcome. Saturday games between 12.30 and 4pm.
